

Marshlands Primary School Sports Premium Funding

Academic Year: 2023/2024	2023/2024 Fund Allocated: £18,350 (approximately)	Date Updated: 31 st July 2024
	Total Fund Spent (31/07/2024): £19,255	

Key Indicator 1: The engagement of all pupils in regular physical activity – Chief Medical Officer guidelines recommend that all primary school children undertake at least 30 minutes of physical activity a day in school.				Percentage of Total Allocation:
				73%
Intent	Implementation		Impact	Sustainability
Increase participation levels in physical activity for all pupils, ensuring they achieve 30 active minutes per day.	Employ a Level 2 Sports Teaching Assistant to lead PE sessions and to organise outdoor games at break and lunch.	£8,000	There has been continued impact from having a specialist member of staff for PE. There has been consistent support across PE lessons, coaching during sports events and sports equipment has been well-organised. There have been activities for children to take part in on break times.	We do need to continue to develop our breaktime provision to ensure breaktimes are more active for the majority of pupils.
	Purchase an Activall System to increase opportunities for physical activity during breaktimes and lunchtimes.	£4,250	None yet – they are only arriving at the end of term. While some of the funding for this is being taken from this academic year's sports premium grant, most of it will be paid for from next year's.	The system ordered is a good quality and robust. It was researched prior to purchase and a meeting was held to discuss use and quality. These will last for a long time.
Increase opportunities for pupils to access regular clubs that run year-round.	Organise a year-round football club for both boys and girls.	£750	We were hoping to have two separate clubs but because of staffing have only managed one, but this has been mixed. It has taken place since the beginning of spring and has been oversubscribed. This has helped with the teams going out to competitions and has developed skills in less confident children.	We are hoping to continue this offer into next year, but hopefully with two separate clubs. This will be dependent on staffing.
	Purchase equipment for 7-a-side football in school.	£400	Additional nets, bibs and balls have been purchased. This has meant that there has been a clear area for football at breaktime and good resources to allow play.	The resources purchased are of a good quality and will be used for years to come.
Total Allocation		£13,400		

Key Indicator 2: The profile of PE and sport being raised across the school as a tool for whole school improvement.				Percentage of Total Allocation:
				0%
Intent	Implementation		Impact	Sustainability
Share the successes of interschool events and upcoming events to increase sporting aspiration	Regular assemblies following events and a sporting events board.	£0	There have been some assemblies following sports events to hand out certificates. There does need to be more, possibly once per half term. These will need to be organised on the calendar to ensure they happen.	
		Total Allocation	£0	

Key Indicator 3: Increase confidence, knowledge and skills of all staff in teaching PE and sport.				Percentage of Total Allocation:
				4%
Intent	Implementation		Impact	Sustainability
Provide access to high quality resources for staff to use when planning PE to ensure that skills progress throughout school	Sign up to a recommended website (Get Set 4 PE) for all teaching staff including HLTAs.	£550.00	Staff have been very happy with the quality of resources and the progression provided through this scheme.	Staff will use the website to help to plan their PE sessions and so will become more confident in planning for progress in the future. Depending on feedback, the website may be renewed year on year to keep up to date with best practice in PE.
Provide CPD for a range of different sports to further build skills and knowledge of sports played around the world.	Invest in CPD for NFL Flag for one member of staff.	£150.00	An NFL club was organised and resources purchased. Children enjoyed the club. Unfortunately, we were unable to take part in the competition as this was during a school holiday.	New skills and knowledge gained from CPD will be used for an after-school club. Taking part in programme allows participation in inter-school competitions.
		Total Allocation	£700.00	

Key Indicator 4: Broader experience of a range of sport and activities offered to all pupils.				Percentage of Total Allocation:
				14%
Intent	Implementation		Impact	Sustainability
Introduce pupils to a wider range of sporting activities.	Subsidise the Year 6 residential visit to ensure it is accessible to all pupils, allowing them to take part in new activities.	£1,885	The majority of the Year 6 class attended the residential visit and they were able to take part in different activities, including wall climbing and raft building. The children had an amazing time and the residential has been rebooked for next academic year.	
Improve the gymnastics offer by updating equipment.	Purchase a new set of agility tables.	£770	Tables were purchased and have been used in PE lessons, especially gymnastics. They have allowed more activities as there is more of them, of differing sizes.	The tables purchased are of a good quality.
		Total Allocation	£2,655.00	

Key Indicator 5: Increased participation in competitive sport.				Percentage of Total Allocation:
				14%
Intent	Implementation		Impact	Sustainability
Increase the opportunities for all pupils to participate in competitive sport.	Join the East Riding School Sports Partnership to access interschool competitions and CPD for staff	£1,950	We have accessed many competitions this year through the ERSSP. Children have enjoyed the events and we have had some success too in the boys' football event.	Ongoing access to interschool games. Children will build a competitive spirit. Staff will be upskilled through CPD. Children will have more opportunities should they progress.
	Join the Schools' Football Association	£50	Through this payment, we have been able to access multiple football events, including the Youth FA Cup and an East Riding Football League.	Access to CPD to upskill staff and football competitions.
	Hire coach travel for events where a large number of pupils are attending	£500	This allowed full attendance at larger events, such as cross country.	
		Total Allocation	£2,500.00
