

Our Approach

- Children have individual MFL files. MFL work is recorded on task sheets /books throughout school.
- Staff use a bespoke scheme tailored to the National Curriculum requirements
- Each unit of work has a supporting 'medium term plan'. This highlights any key questions, vocabulary and provides sentence structures (as well as links to other supportive documents such as the Early Start Spanish) to enhance teaching and learning further.
- Staff use the 'Progression of Skills' document to ensure work is properly pitched.
- The MFL coordinator is available at request to support the planning and teaching of children through school, if requested.
